5	LO	5,150	Trough Hatches, Gravity Gates	Grain	10298

SUMMERS OVER?

The kids have gone back to school, the days are getting shorter and some of us will take our last family getaway this Labor Day Weekend. Its hard to believe that three quarters of the year has already gone by and now we are faced with the thoughts of cooler days and even colder nights. Along with the winter season comes that need for various types of railcars.

Soon we will need more LPG cars to ship the well needed fuel to heat our homes. The farmers will be harvesting their grain which will require covered hoppers. Not to mention the fact that many products are a continual need through out the entire year. Keeping a pulse on your needs and where available equipment may be is what we at TransMatrix, Inc. Do. As everyone knows the market changes daily and the need and availability of equipment does too. Let us know if you have available equipment or the need for additional cars so we at TransMatrix, Inc. Can help you out. This enables you to focus on your core business and save your company money.
