100	LO	4,600	Trough Hatches, Gravity Gates, 3 Compartment	Grain	10442

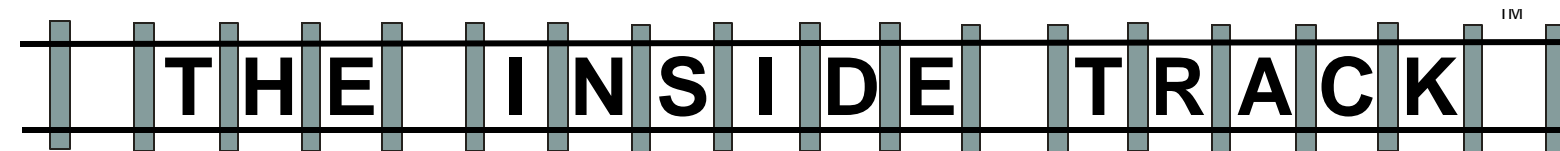

SPRING AGAIN !!

Boy! The seasons sure seem to come and go in a hurry! Everyone seems a lot more optimistic this Spring than they have in the last two or three years. That's a good thing! Not just because the weather is improving, but because the economy is also on the upswing.

The Rail industry is a little different than a lot of other businesses. When rail is running, the economy is running! It's a pretty good indicator. The last two or three years have been hard on all of us. There was plenty of available equipment, but you really had to hunt to find someone that was interested in buying or leasing. What's that old saying? "If it isn't one thing, it's another". By that, I mean now that the economy is improving, we have all kinds of phone calls and lots of people looking for equipment, but most of the rail cars are already out and running.

Never a dull moment! That's probably the reason that once people get into this crazy business, they stay! Have no fear. We, at TransMatrix, Inc., still do have some rail equipment available for sale or for lease. So give us a call, and we'll do whatever it takes to find the equipment you need, or place that extra equipment you'd like to get rid of.
