THINKING ABOUT RAILCAR PROPERTY (Ad Valorem) TAXES?

We are sure no one wants to think about them, but the new year is right around the corner. This may be a process for which you just don't have the time or the resources.

Soon Michigan will be sending out notices to set up your new PIN for next year. Railroads will be sending out reports shortly after the new year begins as well. Every state, county or other taxing body has their own filing requirements. Sometimes the requirements change from year to year. Did you buy, sell or scrap cars this year? What about repairs or cars in storage?

It can be a lot to keep up with.

TransMatrix, Inc. has over 25 years of experience dealing with the numerous taxing bodies and their varying requirements. Should you be looking to acquire a railcar fleet, would like to remove this burden from your schedule, or possibly reduce your expenses, TransMatrix, Inc. can help. Our services are not expensive and can be customized as you may need.

Setting up a new account requires varied fleet and company data. For the month of October we will be waiving the \$500.00 set up fee for new customers. Please let us know if we can assist you with your railcar tax needs.
