VIRTUAL HOLIDAY TRAIN RIDES

Though we all long for the return of normal times, we can yet still enjoy the upcoming season and the festivities that come with it. A holiday tradition that many have enjoyed through the years is a crisp and frosty ride on a Holiday train. Unfortunately, for some this year, the current environment makes this an impossibility. However, with the theme of doing things from home, why not a train ride as well? For those looking for such an opportunity, here are some free options:

The New York Transit Museum will bring this year's holiday train show into your home. On their website you will find their Virtual Holiday Nostalgia Train experience. There you can see their historic 1930s R1/9 cars take a trip from the beginning to the end of the line. Take a virtual seat on their vintage fleet, see behind-the-scenes footage of the historic train at the MTA's 207th Street Yard, and celebrate the magic of the holidays. They will also present Part 1 of their Virtual Holiday Train Show at 10 a.m. on Monday, December 7. Part 2 will air at 10 a.m. on Thursday, December 10. The show will present behind-the-scenes footage of how the annual exhibit is built and a time lapse of the annual exhibit from the point of view of one of their miniature model trains!

The 22nd Annual CP Holiday Train is back, but this time it's virtual. On December 12, at 6 p.m. MT, (9 p.m. Eastern Time) the Canadian Pacific Facebook page will present their live concert Holiday Train at Home. The headliners are Serena Rider and The Trews. Also performing are JoJo Mason, Logan Statts and Kelly Prescott. They will also be supporting online donations through Food Banks Canada and Feeding America, the national organizations that support community food banks in the U.S. and Canada. They also encourage donations to your local food bank or pantry.
